VOL. LIX: No. 25. REDWOOD CITY, CALIFORNIA SATURDAY, SEPTEMBER 21, 1918 ESTABLISHED 1859

CITY TRUSTEES HOLD SHORT SESSION

J. C. Dickey Resigns His Position as Superintendent of the Water Works.

The board of city trustees met in regular session Monday evening with all present.

W. B. Short vice-president and manager of the Merle Liquid Magnesia works, appeared before the board and asked for a reduced water rate, stating that his company would use between 30,000 and 40,000 gallons of water daily. The mayor informed Mr. Short that the city could not give a lower rate than the printed schedule, which was 16 cents per 1000 gallons, that the city was paying 12½ cents and with about 25 per cent wastage the city was selling water at about cost. Mr. Short then asked permission to buy water direct from the water company. This question was referred to the city attorney. The council did not object to the plan and seemed willing to assist the new enterprise.

J. C. Dickey who has been connected with the street and water department for over twenty years, tendered his resignation, to take effect immediately. Following the acceptance of the resignation the board consolidated the office of street superintendent with that of the water superintendent.

The board desiring to reduce expenses dismissed Sylvester Douglas and Thos. Maloney, night watchmen to take effect on October 1, and E. Petti, pound master, to take effect immediately. Thus Chief of Police J. P. Coleman will have but one assistant, C. L. Collins, who will uphold the dignity of the city at night.

C. B. Chasten applied for a permit to hold a dance in the Foresters' hall on September 28.

J. C. Thompson asked for postponment of his application for an auto passenger permit, the same was postponed until October 21.

R. C. Smoot presented his report showing the number of plumbing inspections he had made for the past month.

The Pacific Gas and Electric Co. asked for permission to set poles on Davis street to accommodate their patrons in that part of town, the same was granted.

The city attorney prepared and presented the tax rates for 1918-1919, which was $1.54 for the old town and $1.495 for what is known as the new town, the same was adopted.

J. H. McKAY VISITS THIS CITY

J. H. McKay, a former old time resident of San Mateo county, was in Redwood City on Wednesday on a visit to his old friend, Cyrus H. Young. Lieutenan N. H. McKay, who has gained special notice from General Pershing for his bravery at the western front, is a son of the old pioneer of this section. Mr. McKay is naturally proud of the achievements of his son who was born in San Francisco 27 years ago. Before entering the war he was superintendent of the Hercules Powder company. In such employment it was not necessary for him to enlist but his fervent patriotism prevailed and he joined the army. He has been with General Pershing for some time.

Community Sing To Organize Here

Redwood is to join in the movement now prevalent in many communities, of getting the people together to sing. The trustees of the High School have given permission to meet in that building and Professor Otis M. Carrington will have temporary charge of the work.

The purpose is to permit and encourage everyone in this city who likes to sing, and who likes to hear people sing; to attend these meetings and participate. The older members of the community are particularly invited. Not only popular war songs will be sung, but also the melodies of an age ago will be revived.

A preliminary meeting will be held next Tuesday evening at 8 o'clock at the High School, for the purpose of organizing and planning for the future. If you believe in this idea, back it up by your presence and by getting word to all of your acquaintences.

This community singing is very valuable in keeping up the general morale of the people and is always enjoyed by all.

ARMENIAN DRIVE DRAWING TO END

Local Committeeman Succeeded in Collecting $1000 for this Deserving Cause.

Donald W. Williams, who has charge of the drive in Redwood City to secure funds for the starving Armenians, will complete his work early next week. By his earnest and eloquent appeals he has succeeded in collecting the neat sum of $1000 which ist o be forwarded to the State Treasurer of the fund, W. H. Crocker, of Burlingame.

Mr. Williams is certainly deserving of every credit for the success of the big drive. Personally he appealed to the people for aid for the starving Christians beyond. Owing to the many appeals for assistance made to the people at this time, Mr. William's task was a difficult one, but the manner in which he surmounted all obstacles redounds to his credit. He knew his cause was righteous and he threw his whole energy into the work, meeting with splendid success. Few men would undertake such a task at this time. The earnest prayers of those starving people will more than compensate him for his work in their behalf.

The refugees of western Asia have struggled through the heat and suffering of an eastern summer. They are now facing the even more terrible ordeal of a winter which in many parts of the territory is extremely rigorous. Homeless, unthinkably destitute, with the prospect of starvation ahead of them, these Armenian, Syrian and Greek exiles find but one ray of light in the leaden sky which darkens their world.

From America has come help enough at least to keep life in the bodies of these sufferers during the summer months. With pitiful faces and eyes that seem to say, "If you fail us, only death waits," they turn to America to help them through the coming winter; and then to give them a chance to become once more self-supporting independent peoples. Their gratitude is pathetic.

If help is not sent soon there will remain no people to be helped. All money which the committee collects is forwarded to relief stations and used by responsible American distributors for purchase of food and shelter for the refugees. Not one cent is taken out for administrative expenses which are met privately.

Four hundred thousand or more orphans are today destitute in Bible lands. A missionary just returned Syria tells of passing through a village whose houses were all deserted, with the exception of one little cottage in whose doorway sat a tiny girl. The child had the face of an old woman as she rocked back and forth droning "I'm hungry, I'm hungry." Multiply this instance by thousands; add it to the cases of thousands more who have been gathered into orphanages; and some idea of the plight of the children in western Asia today may be gathered. Die by the thousands they must unless help can reach them soon. The death rate in Lebanon alone last winter was a thousand a day. It will be vastly greater this winter unless we send relief and send quickly.

MARIO BONFANTI "GUILTY" SAYS THE TRIAL JURY

Mario Bonfanti, an artichoke grower at Halfmoon Bay, was found guilty on a charge of rape by a jury in the superior court on Monday and on Thursday was given an indeterminate sentence in St. Quentin by Judge Buck. The charge carries with it a penalty of from one to fourteen years. The term of sentence will be fixed by the probation board at the prison. At the time of passing sentence James Devoto, theattorney for Bonfanti, asked for a new trial on the ground that the complaint filed against defendant was defective in that it omitted to state that plaintiff, Mrs. Irene Pellegrini, was not the wife of the defendant. The court denied the motion saying that there may be some merit in the contention held by the attorney but he preferred the higher court to pass upon it. Mr. Devoto will appeal the case to the appellate court for this district. A decision on the point raised may be had in less than three months.

CORNELIUS CULLEN PASSES AWAY

The Spirit of Life Vanquished at 4:20 O'Clock Amidst His Family and Kind Friends.

After an illness of long duration Cornelius Cullen, one of Redwood City's most respected and best beloved citizens, breathed his last at his Phelps street home at 4:20 o'clock yesterday morning. Knowing the end was near he patiently and with pious resignation awaited the Death Angel's call. His devoted wife and six children were gathered around him as his soul took its flight to the regions beyond., For over a week he struggled with death making a hard fight but overcome with weakness and with the inroads made upon his constitution by a complication of diseases, this good man finally gave up the struggle and submitted to the inevitable.

Cornelius Cullen was born in Redwood City a little over fifty-two years ago. His father, the late Patrick Cullen, was one of the best beloved pioneers of Redwood City.

At an early age Young Cullen became a railroad employee mastering all the intricacies of the details of a station agent. As a very young man he was the agent for the Southern Pacific at Mayfield. His abilities becoming known to the company he was transferred from this work to the main office in San Francisco where he labored for more than twenty years and until his parents died when he was compelled to resign his position in order to take charge of the business of the Cullen estate in Redwood City which included the wood and coal yard on Main street. Mr. Cullen managed it with decided success for many years accumulating considerable property in that time. He was a good business man, a genial companion, a true friend, a devoted husband and loving father and a citizen of sterling qualities. His death is a distinctive loss to the community.

Mr. Cullen many years ago married Miss Margaret Maloney, daughter of Mr. and Mrs. P. J. Maloney of Menlo Park, who survives him with six pretty children.

They are: Margaret, Clarice, Alice and Mildred Cullen and Cornelius and Edward Cullen. He is also survived by a brother, James Cullen of San Francisco who was constantly at the bedside of his brother beforc he passed away.

For many years Mr. Cullen was a director of the San Mateo County Building and Loan Association. He never held any political office though often urged to enter the political arena by his many friends on numerous occasions. He preferred the quiet of his home rather than the annoyance of office holding. His friends who knew him intimately speak in glowing terms of the good qualities of mind and heart. Few men were held in higher esteem than Cornelius Cullen.

The funeral will take place from the family residence on Phelps street at 9:15 o'clock Monday morning, thence to Mount Carmel church where a requiem high mass will commence at 9:30. Interment in Holy Cross cemetery, Menlo Park.

OUR INDIVIDUAL PART

Some observers think that the most characteristic thing about the American soldier in France, something which astounds the enemy and excites the admiration of our allies, is the capacity of the American soldiers to do individual thinking and fighting. The German fights successfully only in mass formation, in organized bodies, while every American soldier has an initiative and independence of action which gives him remarkable efficiency in open fighting. They are not senseless cogs, but each is an individual working unit in a great fighting machine.

Every American at home should feel an individual responsibility and do his or her individual part in winning the war. There is not an American citizen who can not help win the war. The Fourth Liberty Loan drive, which begins September 28, offers a great opportunity for concerted action, and the loan will be a tremendous success if each American will do his or her individual part as each American soldier in France does his part. Our soldiers deserve such support from the people at home.

SOME LIBERTY LOAN SLOGANS

Wear your old clothes and buy Liberty Bonds.

Liberty Bonds is on German bondage.

The soldier gives; you must lend.

Liberty Bonds or German taxes.

"Come across" or the Kaiser will.

Buy over here towin over there.

It's billions for defense or billions for indemnity.

For Foch and freedom; buy bonds.

A bond slacker is the Kaiser's backer.

A man who won't lend is the Kaiser's friend.

The more bonds you buy the fewer boys will die.

Let all get on the bond wagon.

Be one of the millions to lend the billions.

Dig up the coin and bury the Hun.

Buy bonds before it's verboten.

Idle dollars are pro-German.

Put the "pay" into patriotism.

Bonds speak louder than words.

If you can't fight, your money can.

Freeman buy bonds; slaves wear them.

BREAKING THE NEWS TO THE SUBSCRIBERS

An advertisement on the front page of the Sebastopol Times announces that the new regulation of the war industries board will be carried out. The publisher, Harry M. Lutgens, talks it over with his readers in an editorial form which the following pointed assertions are excerpts:

"The government is taking well into hands the news print situation, and the way that it affects the country newspaper is shown by the advertisement on the front page of this issue. No newspaper is to be sent to a subscriber after the date of expiration unless it is renewed and paid in advance, is the ruling of the war industries board. In a few words that is the import of the message to our subscribers.

"The order of the war industries board is nothing more in effect than placing the newspaper subscription business on a cash basis, thereby lopping off automatically the man who does not pay for what he gets and saving the paper consumed by him for other necessary purposes."

This paper approves of every word of the above.

Forum, Baptist Church

Dr. Jacob Nieto, the eloquent Rabbi of San Francisco, will speak at the forum meeting, Baptist church, Sunday evening. His subject will be: "Americanization the Need of the Hour." The Rabbi's friends in Redwood, especially among the Masons, will be glad to give him a warm greeting.

FOOD ADMINISTRATION WILL EDUCATE THE PUBLIC

The San Mateo County Womans' Committee of the National and State Defense Council held a meeting in the city hall Tuesday when reports were rendered from the various chairmen of particular interest. Mrs. C. R. Walter, food conservation chairman of the woman's committee, stated that there will be held a series of lectures in the county this month when men sent by the U. S. Food Administration will be the speakers. On September 24th in South San Francisco, Mr. Edward Krehbiel of Stanford will speak in the evening. He will be in San Mateo on the 25th (evening,) and Dr. Rugh of the University of California and Edwin Trerz will be the speakers at an afternoon session in the Sequoia theatre in Redwood. Dr. Rugh is one of the California lecturers for the Food Commission and Mr. Trerz was a member of the "overseas commission of England, France and Belgium", who was under fire for five weeks with the United States soldiers. All are men of experience and men who have established the reputation of being eloquent speakers. The Defense Council is anxious that full houses greet the speakers upon their coming here with messages of national importance.

Mrs. Louis Lengfeld gave a report of the activities of the charity work of the county for August for Red Cross and Allied Relief which showed that the women of this county have been active in doing their part at this time when so much is needed to relieve the stress of life both here and abroad.

Mrs. Ward Brown spoke of the proposed county wide campaign to every girl in active war service each group doing some needed phase of the work.

Mrs. Gerald Rathburn offered to assist the work of any department of the Council by loaning her car for that service. Mrs. McGinn accepted the offer saying that frequently a good worker had found it impossible to accept a chairmanship for the county not having a car, and now that that matter may be adjusted she would find the work more satisfactorily carried out.

Mrs. Henry Gervais, community singing chairman for Burlingame, told of her plans for a meeting to be held in the city hall to organize that movement, of enlisting the assistance of musical leaders of Burlingame, and of accepting the offer of the New Theatre manager of having singing held there at stated times. Mrs. Gervais is enthusiastic about her work and promises to make Burlingame rank with the most progressive California cities in that interesting patriotic service.

Mrs. McGinn appointed Mesdames Walter and Brooke to attend the meetings of the Men's Council with her as representatives of the Womans Committee. She stated that C. C. Moore of the State Council had decided that the honor on an increased attendance of women was in accord with the high quality of their patriotic service to the government at this time.

The Woman's Committee will meet the third Tuesday in October.

Hun Boots, Belgian Babes

Crushed and bleeding in the ruin of its homes, its hospitals its schools and churches, Belgium has nevertheless been not the weakest of the allied enemies of Berlin. Its sufferings have united all humanity in its cry for redress, and its indomitable spirit has roused the emulation of all its champions.

German "honor", killed by its revelation that it regarded a sacred treaty as a "scrap of paper", has been buried beneath the bloodied ruins of a neutral nation's shrines.

When the boots of the German superbeast welter in German blood behind the Rhine, the Kaiser's dupes may finally emerge from the self-hypnosis which made them think themselves "supermen".

Reflect the measure of your disavowal of the Hun's rape of civilization in your oversubscription to the Fourth Liberty Loan

Get Clothes that Save for You

WHY A DENTAL LAW?

¶ Our present Dental Law is supposed to be for the protection of the people.

¶ One section of this law states that a dentist may have his license taken from him for "unprofessional conduct."

¶ This sounds like it might be a good little "protector," so let's crack this nut and pick out the meat.

¶ The Dental Board which has the power to take a dentist's license from him for "unprofessional conduct," and from whose decision there is no appeal, is composed of members of a dental association.

¶ This association is a clique of dentists who support and are governed by a Code of Dental Ethics.

¶ This Code of Ethics makes it "unprofessional conduct" to charge prices lower than those set by said association.

¶ Now you are beginning to see a little light.

¶ Get the idea how the Dental Law is protecting you?

¶ This trust schedule fixes the lowest amount of money that may be charged for dentistry. But there is no provision as to the largest amount of money that may be extracted from the patient.

¶ This is certainly some fine little "protector," but for whom?

¶ To make it perfectly clear, below are extracts from the bill of minimum prices prepared by members of the California Dental Association:

MINIMUM PRICES

Examination	$ 2.00	Special Crown	$15.00
Gold Crown	10.00	Antrum Operation	50.00
Fractures	50.00	Time lost through broken appointments, per hour	3.00
Continuous Gum Plates	150.00		
Consultation	5.00		

¶ The Dental Amendment for which you are asked to vote permits a dentist to charge reasonable prices, bringing dentistry within the reach of all, without fear of losing his license for "unprofessional conduct."

¶ This means that competition, which should make fair prices in all lines of trade, shall not be killed by the Dental Combine through its clever manipulation of the law.

¶ Every voter who wants a square deal should vote for Dental Amendment No. 21 on the ballot.

COUNTY FATHERS IN REGULAR SESSION

The board of supervisors met in regular session Monday, September 16, at 10 a. m., there being present Dr. C. V. Thompson, presiding; T. L. Hickey, W. H. Brown, John MacBain; absent Supervisor Jos. M. Francis.

The report of Miss Anna Bell Bailey showing the expenditure of $354.62 for the month of August, 1918, was received and ordered filed. Attorney A. H. Redington of Hillsborough addressed the board in the interest of the Menlo Park fire district and in the building or a permanent fire house for the storing o fthe chemical engine and other apparatus owned by the department. Attorney Redington explained that the lease on a garage where the apparatus is now housed is about to expire. Opposition to the building of the proppsed fire house has developed on the part of certain officials in San Francisco, who claim that the building is not essential at the present time. Attorney Redington asked the board to pass a resolution recommending to the San Mateo County of Defense showing the urgent necessity of the fire house and asking that body to recommend the building thereof.

A. C. G. Hahn, chairman of the Menlo Park fire commission, followed Attorney Redington and explained the reason why the building of the permanent fire house was very necessary at this time. He said that some twenty public spirited citizens of the district had agreed to put up $500 each, making $10,000 in ali, to erect the proposed building, the understanding being that the fire commissioners would enter into a lease with these men, paying so much each month for the use of the building until the entire amount loaned had been paid back, when the building would become the property of the fire district.

Following the talk of Hahn, the board adopted a resolution, on motion of MacBain, seconded by Hickey, wherein it was shown the urgency and necessity of the building and requesting the County Council of Defense to recommend its building.

C. A. Gregory was granted a permit to erect a building at Menlo Park on motion of MacBain, seconded by Brown.

A communication from the San Mateo County Woman's Committee of the National and State Councils of Defense, containing a resolution endorsing the action of the Social Service Commission in asking for the care of the dependent children of the county, was received and ordered filed.

A communication was received from the Social Service Commission making recommendations for the withdrawal of State and County aid in the case of a number of persons in different parts of the county.

Following a request from Mrs. Harry S. Dana, chairman of the Social Service Commission, that no action be taken in the above matter until she could be present in person, Chairman Thompson ordered that the recommendations be considered at the meeting of the board to be held Monday, September 30.

Duff & Doyle of Menlo Park addressed a communication to the board making application for the renewal of the insurance they are now carrying on the county farm and hospital buildings.

On motion o f MacBain, seconded by Brown, the above policy was ordered renewed.

The hearings on a number of applications for vehicle permits that should have come up at the meeting, were ordered reset by Chairman Thompson, for Monday, September 30 at 10 a. m.

Four new applications for vehicle permits were received and the hearing on these was ordered set for the same date, the clerk of the board being authorized to make the necessary publications of the notices of hearing.

AMERICAN "DESERTIONS"

The admission, from New York, that General Pershing has already been much worried by desertions from American units is startling, if we take it at its face value. But there need be no uneasiness. The "desertions" have been mainly from engineering and other branches; and when they become numerous enough to compel an investigation it was discovered that most of the "deserters" had made their way into the fighting line, which they found more to their taste than the positions in the rear where they were doing invaluable, but less congenial work. They are not to be court martialed, but, instead, a regulation has been framed to meet the case which, probably, has had no precedent in any army of any period. In order that work behind the lines may not suffer, the men engaged upon it are to be given regular "turns" at the front, so that there may be no inducement to them to "desert" to get there. There is something very American—and very creditable—about the whole affair.

To the Sportsmen of San Mateo County

The proprietors of the Spring Valley Water Company in San Mateo county constitute of most extensive game refuge in the county. No one, not even the persons connected with the company, is permitted to hunt on these grounds. It is generally recognized that if it were not for the protection given deer on the company's property deer would soon be extinct in the county.

The company, therefore, requests your earnest co-operation in protecting the deer on its properties in your county and in discouraging hunting on the county's only safe game refuge for deer.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Miss Violet Cochrane, young daughter of Mr. and Mrs. T. C. Cochrane, who suffer a nervous break-down some ten days ago, is recovering nicely. For a while her illness was quite alarming to her parents and friends.

The Times-Gazette is read in the trenches at the battle front in France The two Sexton boys, who have been at the front for some time, watch for its arrival every week with intense interest. Every line of the home paper is read by them, no item is overlooked. It is indeed a welcome visitor.

The Menlo Heights Creamery in the Larrecou building is doing a splendid business. The ice cream and pure milk served is attracting the boys in khaki who appreciate good service and pure goods.

Mr. Hettinger, in charge of the repair work and building at Camp Fremont, has begun to replace the receiving ward at the base hospital that was burned last week. Mr. Hettinger is also building a large office building at the camp. He has other work under consideration which has to be approved by the war department before it can be started.

Since the recent rain storm there is a constant flow of 1,000,000 gallons daily into the Bear Gulch lake from the Bear Gulch creek. The lake has raised two feet since the storm. There is no longer any shortage of water in this community.

Miss Mamie Roche, daughter of David Roche, writes from the front in France to her parent telling of the thrilling incidents daily occuring outside her hospital. Miss Roche went to France with the first expeditionary force in May 1917 as a trained nurse. She is at the front and is doing noble work. She is at the head of an hospital just outside the battle lines.

Six thousand recruits are supposed to arrive today from western states. The casual camps are being put in trim all week for their arrival.

It is believed that the recent story about the abandonment of the Camp Fremont was started by some local disgruntled real estate men who are endeavoring to lower the price of real estate in Menlo Park and to purchase the same for speculative purposes. The story as circulated is no less than German propaganda started to injure the camp and hurt the morale of the soldiers. Anyone who would be guilty of such a crime ought to be interned for the duration of the war, be they rich or poor, high or low, great or small. Anything done to injure our splendid division here tends to prolong the conflict in Europe.

W. J. Murray, accompanied by his nephew, James Murray, motored to Los Angeles on Tuesday. They will see all the sights of the sunny south land before returning.

Thomas Carleton will appear before the county exemption board today to be assigned to some limited service of the government.

Edwin Walsh is here on a furlough of ten days from Mare Island. On his return to duty he expects to be sent on a long cruise, may be to England.

Mrs. A J. Marcus will close her home here on October first. She will then depart for New York to spend the winter with her sister there.

Father Fleming, who has been the assistant pastor of the Church of the Nativity for a month or more, departed for Utah during the week to resume his work in the Chapel car for the Catholic Extension Society of Chicago. He made many friends while here. Father Fleming is among the most eloquent pulpit orators of the country.

Born—In the Peninsula hospital, Palo Alto, on September 9, 1918, to the wife of Jack Briggs, a daughter.

John O'Dea, who left with the 319 Engineers last week, has arrived in New York and will soon cross the seas to the front where he will delight in hunting the Hun.

St. Patrick's Seminary opened last week with a large freshman class, the largest in the history of the institution. Father Kunkle, the manager of the seminary, who spent his vacation in Baltimore, has returned.

Mr. and Mrs. Bush, nee Feeley, have moved to the city to permanently reside. Mr. Bush, who was a private at Camp Fremont, was recently discharged for some physical defect. He engaged in business in the city. He is a Southerner, having come here from Georgia.

WOODSIDE CHIPS

The entertainment and dance given by Mrs. A. Mighall realized the sum of $250, which has been turned over to the local chapter of the Red Cross.

Mrs. Mighall would like to thank all those who so kindly helped in making the affair the success it was. Misses Lamb, Gladys and Wesley Haydock, Prof. Carrington, Mr. Josslyn, Mr. Behrens, Mr. Montieth, Mr. Murray, Winkler and Ryan, Colonel Davidson, Mayor Archer and the Times-Gazette.

William Fordez, a workman for M. Fleishhacker, was gored by a mad bull on the Fleishhacker ranch on Monday last and badly injured. He was taken to the Redwood City hospital where he now is. He will be able to return to his work next week.

FROM PESCADERO

Carl Coburn and his wife, Azro Coburn and wife and A. R. Rease and wife left on Monday for Lake Tahoe to spend a vacation of ten days at that delightful place. They motored all the way.

The rain has done considerable damage here. Considerable hay was out and will be partly destroyed. The bean crop suffered the most.

Judge Woodhams and Constable Bennett failed to file their expenses of election and it is now a question if they can qualify as candidates for the general election in the fall. The matter is under advisement.

The dairymen are rejoicing on the prospects of plenty of grass for their stock. They are happy while the bean men are sad.

HALFMOON BAY

John E. Francis, head clerk in the dry goods department of Francis Brothers store at Halfmoon Bay, is enjoying a week's vacation in San Francisco with his family and hunting deer in the mountains of San Mateo county.

M. E. Smith, wife and son, of Los Angeles, accompanied by Mrs. L. Fanning, nee Mrs. Jackson, of the Southern metropolis, are in Halfmoon Bay visiting A. F. Josephs and other friends. Mrs. Fanning formerly edited the old Advocate at Halfmoon Bay and has a large number of friends who are glad to welcome her back if only for a visit.

The small white bean and wheat have been raised successfully in a number of Coastside localities the season just passed. Wheat was the main grain raised here up to a few years before the great fire, and it is beginning to look as if it would be coming back to its own.

Manuel (Boogie) Cunha who left with the contingent last Tuesday for Camp Kearney, was rejected and has returned to his home.

John J. Higgins of Halfmoon Bay has received word from his sons, Ed. J. Higgins in France and Archie Higgins in Siberia that both of them are now corporals with good prospects of being raised to higher ranks.

Mrs. P. S. Johnson and Master Everett came down from Calistoga for a fortnight's visit at the home of her sister, Mrs. E. E. Jones.

By the extension of the draft age San Carlos was required to contribute but seven more to "Uncle Sam's" army. Among those who were young enough, were: Messrs. Fred E. Kendall, A. S. Peterson, Paul C. Du Pont and Clarence E. Haydock, and from those who had arrived at the age of 18 were: Merrit R. Hosmer, Geo. McDonald and Frank Haydock. It should be noted that we had one instance where father and son registered, that of Clarence E. Haydock and his son Frank.

Owing to the near approach to fifty in the recent draft, Jack Cowgill has been forced to join the home guards at Redwood City so that he may have a little practice should the next call get young men between fifty and fifty-five.

George W. Haaker, of Camp Fremont and son of Mrs. Haaker of this city, was united in marriage to Miss Maude Wallace, the popular deputy in Assessor Flynn's office, in South San Francisco last Saturday evening by the Rev. James F. Moran. The young couple will reside in Redwood City.

Ellis J. Arkush, manager of the Sequoia theatre in this city, has enlisted in the engineers' corps of the army and will leave next Monday for Washington Barracks, where he will go into the officers' training camp. Arkush registered in the first selective draft call and was placed in class 4A. He has been anxious to get into the service, however, and had his application in for the engineers' corps for the past year.

Leslie Winter has applied for admission to the officer's training camp at Camp Zachary Taylor, Kentucky, to train for a commission. At this camp officers for the artillery are trained. Mr. Winter has for a number of years been a deputy in the county surveyor's office. He is a worthy young man, ambitious to serve his country and willing to make any sacrifice for it. He is strongly backed by influential friends for entrance to the camp.

If you have Watch trouble see watch doctor, George Peterson, 214 Main street, Sequoia Hotel Building.

KNITTERS ATTENTION

The Redwood City Chapter, of the American Red Cross, was asked to furnish 250 pairs of socks and 500 sweaters by October first. We have our full quota and more, of socks, but we are far short in our quota of sweaters, owing to delay in getting wool. Will all who can knit please apply to Mrs. Morris Cooper, 520 Warren street, for wool, and try to hand in at least one sweater by October first. This is urgent.
